

Assignment – Colour Scheme for your condo

1. **Create a colour board for your entire condo.** *All the rooms can be shown on one board*, but samples should be grouped as rooms. Place the board in the same position as the rooms in the condo.
2. **Label each colour sample.**
3. **Remember to have some transition between rooms.** This may be achieved by repeating some of the colours, or by using similar tones, shades, or intensities.
4. **Be aware of the client you are working with.** What mood are you trying to achieve? Review your notes on the psychological effects of colour so you incorporate appropriate colours.
5. **Include:**
 - Wall (paint, paneling, wallpaper, fabric)
 - Floor (carpet, wood, tile, vinyl, slate)
 - Counters – kitchen and bathroom
 - Window coverings (fabric, blinds)
 - Upholstery and bedding
 - Furniture and shelving (wood, metal)
 - Accents
 - Appliances and fixtures (you may use paint or arborite samples to indicate the colours(
