

# Designer Project - Fashion

Due: \_\_\_\_\_

**What:** Poster containing information on an influential designer.

**How:** Biography of the designer (both personal and professional). The poster should include: date of birth, schools attended, professional and personal achievements as well as illustrations/ photo's or computer printouts of work.

Presentation counts! It is one of the most important aspects of this assignment or I would ask you for an essay.

You are not limited to only fashion designers; the project may also include accessory, handbag, or shoe designers, costume designers as well as illustrators.

## Examples of potential designers
